**Community News and Opportunities for Action** **IN MORE DETAIL:**

Starting with a few pleasant reflections and pieces of good news:

---

**The Ester Republic** “where progress is our least important product” has **resumed publication** after a 5-yr hiatus, “a few more issues as a last hurrah...about 2 months apart...the role of the Fool in keeping kings & tyrants responsive to the people...role of journalism, and whistleblowing, and the dire trend in our nation in recent decades toward restricting our rights, particularly habeas corpus*, free speech, freedom of assembly, and the freedom of the press.” wrote estereditor@gmail.com. esterrepublic.blogspot.com/ has numerous good e-links. *“one of the most important defenses available against tyranny. ... By issuing a writ of habeas corpus, a judge or court may compel those holding a prisoner to produce the prisoner and prove that they have legally incarcerated the individual.” per trace.tennessee.edu

**ALASKA-SPECIFIC EVENTS & CALLS TO ACTION - about issues of peace, justice, and sustainability -**

**IN THE NEAR FUTURE:**

**Drone quilt project** exhibit Dec. 1-31, at Noel Wien Library 1215 Cowles st. The Drones Quilt Project (dronesquiltproject.wordpress.com/) was created as a way to remember the thousands of people who have been murdered by missiles launched from American combat drones. Each square of the quilts honors a person killed in a drone strike. Two of the quilts will be displayed in the lobby of the Library throughout the month of December; others are displayed Unitarian Universalist Fellowship of Fairbanks and Chena Ridge Friends Meetinghouse.
SUNDAY, DECEMBER 3rd:
-- 4pm Fairbanks Open Radio KWRK-LP 90.9FM - Potluck & Auction at the Dome Home, 159 Kniffen Rd on Birch Hill: Bring a dish to share and/or an auction item, and help support this all-volunteer, non-corporate radio station. For more info, visit us on facebook or kwrk.org. Or call 455-7882. Fairbanks Open Radio is a 501(c)(3) nonprofit corporation dedicated to bringing independent radio to Interior Alaska.

MONDAY, DECEMBER 4th:
-- 7-8pm Fairbanks City Council Mtg, at City Hall, 800 Cushman st.

TUESDAY, DECEMBER 5th:
-- 12 noon - No War Machine Webinar - Did you know $1.4 trillion in weapons are sold each year and that over 50% of your tax dollars fund war, violence and oppression globally? Your university, alma mater, church, work, pension plan, city and state could be investing in this war machine. So here is something you can do locally to stop the out of control war spending and weapons manufacturing. You can gather friends and make them stop. Register for the webinar at https://zoom.us/webinar/register/WN_PtJ-nqP_QA2AQvl0Dz1mZQ, from info@codepink.org.

-- 5:30pm Gwich’in Steering Committee Rally for the Refuge at Chief David Salmon Tribal Hall by Wendell St bridge

WEDNESDAY, DECEMBER 6th:
-- 8am–5pm Fairbanks Symposium on Homelessness at Westmark Hotel & Conference Ctr, 813 Noble St: The Fbks Housing & Homeless Coalition (FHHC) in affiliation with the North Star Community Foundation (NSCF) will be hosting this Symposium. The theme: This is What Success Looks Like and focus on implementing the two most successful housing programs available, Permanent Supportive Housing (PSH) and Rapid ReHousing (RRH) programs. Fbks has a few PSH programs and a RRH program, but the need for these programs is much greater than the current capacity. This symposium will not only highlight individual successes from local programs, but will also bring in leading experts, funders, government officials, service providers, and property owners to begin to implement the Alaska Supportive Housing Plan. This plan is the result of an enormous amount of research in 2015, but has yet to be implemented fully at the local level. The Technical Assistance Collaborative (TAC) was heavily involved in the plan and will be providing the authors of the plan to help facilitate the symposium. Everything will be in place at the Fairbanks Symposium on Homelessness to initiate additional local PSH &/or RRH programs. For more info + a complete schedule of events please visit http://www.fairbankshomeless.org/upcoming-events.html or contact Scott Wiser: swiser@fairbanks.us or Mike Sanders: msanders@fairbanks.us www.facebook.com/events/465679847123342/?ti=icl

THURSDAY, DECEMBER 7th:

ALASKA-SPECIFIC ONGOING ISSUES: Community News and Opportunities for Action:
-- Early Saturday morning, the Senate passed its version of tax reform -- complete with [opening the Arctic National Wildlife Refuge], a repeal of the individual health insurance mandate, giveaways to corporations, millionaires [$billionaires], changes that
would hurt low- & moderate-income families, and handwritten amendments to a bill that no one had the time to read. Sens. Murkowski and Sullivan were two of 51 senators who voted in favor of this disastrous bill. Right now, your members of Congress need to hear that you're paying attention. It's not over yet, but it'll be tough to stop this bill. Here's what's next: The House and Senate have to pass an identical bill for it to go to the president's desk. Either the House and Senate each have to pass a compromise, or every representative has to go on the record on the Senate's version of the bill. Either way, we have another shot to block this legislation before it becomes law. Some members of Congress are waiting to see whether there's a huge outcry around this bill. Together, we need to show Congress that harmful policies are bad politics. Respond to how your members of Congress voted., https://opencage.com/kl/1 up/pdfwrite-a-letter?engagementId=420034&atnampaign=lam&utm_medium=email&utm_source=ak from fcnl & other sources.

-- Alaska’s salmon habitat protection and permitting law needs updates. If the law isn’t fixed, salmon spawning and rearing habitat across the state of Alaska will remain unprotected in the face of mega projects the scale of which our state has never seen. The law meant to protect Alaska’s salmon is only one sentence long, and hasn’t been updated since statehood. Alaska has a mandate from our constitution to protect salmon watersheds for the public good, but we don’t have the laws to make this happen... ALASKA-SPECIFIC NEWS FROM THE RECENT PAST:
-- Building Better Broadband Rep. David Guttenberg [on Dec. 2 hosted] a working group to bring faster/stronger internet to Fbks...

OUTSIDE ALASKA EVENTS & CALLS TO ACTION - on issues of peace, justice, and sustainability:

1. Preserving an open internet is crucial for fair and equal access to the resources and information available on it. Thank you for your hard work answering the phones. [REMEMBER leave your full street address to ensure your call is tallied]
Hi, my name is ________, and I am a constituent from ________ (city/town).

I am calling to express my strong opposition to Michael Dourson, the nominee to lead the EPA chemical safety office. Mr. Dourson has a clear conflict of interest, industry ties, and has fought science-based safeguards that keep families safe from toxic chemicals. He is the wrong choice for this job.

Optional: Include one sentence on a local issue of concern for your state.

Does the senator oppose the confirmation of Mr. Dourson?

If yes: Thank you! I sincerely appreciate the senator's support in opposing this dangerous nominee. I urge the senator to please weigh in with others who may not have made up their minds on Mr. Dourson yet.

If no or undecided: Please express my deep concern about Michael Dourson to the senator and let them know I'm still counting on them to oppose this dangerous nominee.

Thank you for your time.

-- From Veterans For Peace:

Legislative Action: There are 22 million veterans in America. Of these, 9 million are enrolled in VA care, and 7 million get some or all of their care in VA hospitals. In addition, there are 49,000 vacant positions at VA hospitals across America. Most are vacant doctor, nurse & mental health positions. VA vacancies go up, vet care goes down. Legislative proposals in Congress are threatening to drastically change how veterans receive healthcare. The Veterans Health Administration is under attack by groups who are encouraging the elimination of government programs and pushing the idea that only the private sector ‘works’. In surveys by Veterans of Foreign Wars (VFW) & Disabled Am. Veterans (DAV), a vast majority of vets say they don’t want private care – they want their VA doctors & nurses. Veterans For Peace are fighting back to “Stop VA Privatization, Fix, Fund & Fully Staff the VA.” And you can too. Check out our website to find out how you can help!

VFP has joined with the The Poor People’s Campaign: A National Call for Moral Revival. Originally led by Dr. Martin Luther King Jr. until his death in 1968, the campaign was to bring together poor people, no matter their religion, “racial” or ethnic identity to advocate for themselves and change the economic conditions and social fabric of the United States. This new campaign is bringing together people across the country who are organizing to build a broad and deep national moral movement—led by the poor, impacted, clergy and moral agents and reflecting the great moral teachings—to unite our country from the bottom up.

The campaign will address the triple evils identified by Dr. Martin Luther King: systemic racism and other forms of discrimination, poverty, war, as well as ecological devastation...

In the Spring of 2018, the Campaign will launch with 40 days of moral action, from May 13-June 21st, in at least 25 states and Washington D.C. By engaging in coordinated and collective nonviolent civil disobedience and direct action across the nation, we will begin to shift the distorted moral narrative of our nation; advance common demands for transformativechange; and build power to continue this struggle long after June 2018. See poorpeoplescampaign.org.

-- from Friends Committee on National Legislation (FCNL): House debates U.S. support for Saudi Arabia’s war in Yemen: Led by a bipartisan group of representatives including Ro Khanna (CA) & Thomas Massie (KY), the House debated U.S. support for Saudi Arabia & admitted that this support is unauthorized. It’s time for Congress to reclaim its authority by passing legislation to end U.S. involvement. OUTSIDE ALASKA - IN THE RECENT PAST:

-- from aclu.org: A precedent-setting legal battle next week: Next week, the Supreme Court will hear oral arguments in Masterpiece Cakeshop – one of the most important and watched cases of the year. If the justices side with the business that refused to sell a wedding cake to our clients because they are a same-sex couple, it could take our country’s civil rights protections backwards by decades. There’s a meaningful way you can help right now. When deciding cases, Supreme Court justices don’t only listen to the attorneys’ arguments. They also take statements of support into account. Add your name to our public statement to make it clear that the vast majority of us stand in solidarity with our clients, Charlie and Dave, and everyone seeking equal treatment under the law.
"You never change things by fighting the existing reality.
To change something, build a new model that makes the existing model obsolete."

-R. Buckminster Fuller
