The Northern Hope Center's 2nd Annual Fundraising Auction will be January 19th from 1-4 at the The FHHC November Meeting Highlights were incorrect. Please come out to support this truly inspirational organization!

Lions Bingo Hall (Fairgrounds)

Feb 27, 2019

**Fbks Housing & Homeless Coalition (FHHC)** will be hosting the **Fbks Symposium on Homelessness II**

**Alaska’s Congressional delegation:**
- Capitol switchboard 1-202-224-3121
- **Rep Don Young** in Fbks 456-0210; Email via web site: donyoung.house.gov
- **Sen Lisa Murkowski** in Fbks: 456-0233/fax 451-7146; Email via: murkowski.senate.gov
- **Sen Dan Sullivan** in Fbks 456-0261/fax 451-7290; Email via: sullivan.senate.gov

**Good News category:**

from Friends Committee on National Legislation (FCNL): “On Dec. 12, the Senate passed the Elie Wiesel Genocide and Atrocities Prevention Act (S. 1158)! The legislation helps the State Department proactively and peacefully prevent mass violence. The Senate-passed version will now go back to the House to be approved there—and there’s limited time to act. Your representative needs to hear from you that genocide prevention is a priority.

“On Dec. 13, the Senate passed a resolution to end U.S. support for the Saudi war in Yemen, by a vote of 56-41. This is the first time a chamber of Congress voted to use the War Powers Act to reassert congressional authority over war and peace.” However, Bernie Sanders writes, “In order for this bill to get to President Trump’s desk, it must pass the House of Representatives. Unfortunately, Speaker Paul Ryan has effectively disallowed a vote on the resolution, despite the fact it would pass with bipartisan support... many Yemeni children and families will die. More will suffer until we finally act...85,000 children have starved to death, 14 million more people are on the brink of starvation, and the country is facing the worst cholera outbreak in the world. ... [Sign my petition: tell Speaker Ryan and the House of Representatives to vote on legislation that would end the United States’ support for the Saudi-led war in Yemen].”

“After months of intense negotiations, the House and Senate passed the final version of the Agriculture Improvement Act of 2018 (... the ‘farm bill’). [It] bill protects and improves SNAP (aka food stamps). It excludes many of the harmful provisions that were included in the House version of the bill, and preserves important conservation and environmental protection programs...” from FCNL.

- - - - - - - - -

from Jewish Voice For Peace: “Powerful grassroots organizing got the goods -- Vermont state police & the Northampton, MA mayor pulled out their departments from [plans to send] U.S. police to Israel to trade tactics with police and military there, one of the most prominent “Deadly Exchange” programs that sells Israeli occupation & apartheid as model policing and shares worst practices with US cops and ICE agents.

On Monday, JVP-NYU helped lead 60 student groups to win a resolution calling on the university to divest from corporations that profit off the occupation, in one of the most beautiful moments of coalition-building the student movement has produced (so far).... Last week the New York Times published a Michelle Goldberg op-ed titled: “Anti-zionism is not the same as anti-semitism” - establishing what might be JVP’s core belief in mainstream debate.

Ongoing Campaigns, Recent Past Events, Issues not specific to Alaska, and/or without specific date
**Peace**

**from Veterans For Peace:** “Deployed to the Border: A Test of Conscience for GIS” - James Branum of the Military Law Task Force of the NLG, has just written a legal memo for soldiers deployed/facing deployment to the border, explaining orders violations and the law surrounding refusal of unlawful orders... The Military Law Task Force of the National Lawyers Guild shares the concerns of organizations such as Veterans For Peace, Courage to Resist, and others, that US servicemembers are being given illegal orders... Read More”

“After More Than 6 Decades, It’s Time to End the Korean War” - Veterans For Peace is proud to have joined over 130 US civil-society organizations who’ve released a joint statement today to urge the US government to end the Korean War and pursue negotiations for a peace treaty. Read More”

**from codepink:** “When new Congress members travel with AIPAC, they don’t meet with the Palestinian families whose children — some as young as 12 years old — get detained and prosecuted in the Israeli military court system. They don’t see the Palestinian homes that get demolished or hear about the Israeli army opening fire on nonviolent protesters. They don’t see the Jewish families whose children, with AIPAC, they don’t meet with the Palestinian organizations such as Veterans For Peace, Courage to Resist, and others, that US servicemembers are being given illegal orders... Read More”

“Let’s ask all newly elected Congress members to follow the lead of Taib and Ocasio-Cortez and #SkipTheTrip. Sign the petition now!”

**Instead of material, consumerist gifts during this season, consider giving Gifts of Peace:** (Some suggested in CODEPink’s 21 Days of Giving!) -- have a conversation with someone you love, about something you usually don’t agree on; give them a promise that you will LISTEN with LOVE, really listen with an open heart...

**Justice**

Regarding the Fbks City Council’s recently-postponed rights-protection proposed ordinance: “From: https://www.facebook.com/Generation-Action-at-UAF-302067735017/ Our statement strongly supporting Fairbanks City Council Ordinance 6093. This ordinance makes race, ethnicity, gender, sex, and ability protected classes, meaning Fairbanksans are not allowed to be discriminated against in housing, employment, or services because of one of these parts of their identity. If they are, they will be able to pursue legal action right here at home, rather than traveling to Juneau! Friendly reminder that Alaska does NOT protect LGBTQ+ people at all right now! We can be fired, kicked out of our homes, denied services, etc. Anchorage, Sitka, and Juneau have passed local protections but Fairbanksans remain vulnerable. This ordinance is one step closer to a community free from fear and violence. Do you want to get involved? Testify ... at 6:15 at the Fairbanks City Council Chambers (800 Cushman St, Fairbanks, AK) ... Testimony must be under 3 minutes, and you should stay positive. THIS IS A GREAT TIME TO BE A GREAT ALLY!!! Don’t think this will affect your life directly? Great! Talk about why it still matters to our community <3 OR email our City Council people (keep it polite, positive, and honest, and remember that any information you share about your identity and story is public record).

Kathryn Otterstein - Seat D: (907) 978-5461
Soula Group - Seat F: (907) 750-2888

**Sustainability**

**from Science Daily 12/7/18:** “DDT in Alaska meltwater poses cancer risk for people who eat lots of fish” - Children in Alaska whose diet includes a lot of fish from rivers fed by the Eastern Alaska Mountain Range may have a long-term elevated risk for cancer because of insecticides [organochlorine pollutants (OCPs)] -- including DDT -- in the meltwater... Pesticides that contain OCPs have been banned in many countries because exposure to them has been linked to cancer, coma, tremors, confusion, fatigue, headache, nausea, blurry vision and death... As Alaskan glaciers melt in the warming climate, Miner says the gradual release of these OCPs may continue to elevate watershed concentrations above the current level...”

from Northern Alaska Environmental Center: “Please note: our office will be closed from Dec 24-January 7.”

“Fairbanks, join the Northern Center... to make our voices heard about the protection of critical habitat in the Reserve in Alaska's Western Arctic... Comment by January 7, 2019... --Submit written comments via: Online in ePlanning (Click on the Comment Button next to the Notice of Intent). Please cc ryan@northern.org in your emailed comments!"

--or by mail: NPR-A IAP/EIS Scoping Comments 222 West 7th Avenue, Mailstop #13 Anchorage, AK 99513

“The Ambler road would have major negative impacts in the region with minimal gain for the people and animals who have the most at stake. We will continue to urge the state not to spend any more money on this project.”

:: Trump EPA Proposes Major Rollback of Federal Water Protections. The proposal,
-- hot lemon tea with honey and garlic
-- Sponsor a refugee
-- Commit to monthly contribution to sustain a family
-- Work a consistent daily shift on a 24-hour emergency hotline...

Follow the Peace Economy Initiative.... where there is a well-made 7-minute illustrated explanation]

******************************************************

“CDC report: US gun deaths reach highest level in nearly 40 years... Nearly 40,000 people were killed by guns last year, according to the data.”

**************************************************************

from Newspapers For Inmates: “Without our help, people incarcerated at the Fairbanks Correctional Center will soon lose regular access to The Daily News Miner. Grant funding to provide the paper ended last May, and interim resources are exhausted. Because FCC residents have no access to the internet, the local paper helps them maintain a connection to life on the outside. Inmates rely on newspapers for information about job and training opportunities, housing options, church services, obituaries, birth announcements, completion of their GED coursework, and so much more. We believe these kinds of connections benefit all of us. We need your support.”

**************************************************************

from sumofus.org: “Tell Procter & Gamble & big brands to stop doing business with FGV until workers’ rights are respected on palm oil plantations. To produce the oil it sells to P&G, Nestlé, Mondelez, and PepsiCo, FGV is reliant on migrant workers recruited by mercenary human traffickers. These ‘contractors’ withhold workers’ passports, overcharge them for food and necessities, and refuse to let them leave plantations without written permission. That oil, harvested by migrant workers forced to endure dire living conditions, goes into Head & Shoulders, Pantene and Herbal Essences shampoo, and other products we use every day.”

WallBusters shared Access Alaska, Inc.'s post. Access Alaska, Inc. is asking for donations.
Update: ...
We still have a need for underwear in large sizes.
T-shirts sweat pants and sweatshirts.Thanks!
Our friends from Karluk Manor have been relocated to the Fairview Recreation Center as their building was damaged. They are in immediate need of:
Large and X-large underwear Slippers
No slip socks T-shirts Sweat suits Eye drops
Xlarge depends
There are 47 people in need of these supplies. You can take them directly by the center. Ask for Corrine with Rural Cap.
They may also need a few hospital beds and mattresses, do not drop these off, but let us know if you have any that are available.
Thank you for your assistance. Doug White, Exec Director

**************************************************************

from FCNL: “[This] week, as the year and the 115th Congress winds down, our legislators will have another opportunity to enact needed change. The Senate is expected to vote on the FIRST STEP Act. While not perfect, this legislation will bring more fairness into our criminal justice system by reducing extremely long prison sentences for non-violent crimes and improving rehabilitation for those currently in prison. It also includes the Second Chance Reauthorization Act, which will provide much needed funding to community-based organizations helping people who are leaving prison. [W]ill you take action one more time in solidarity with incarcerated people and their families? Send a letter to congress now.”

**************************************************************

announced Tuesday at the Environmental Protection Agency, would change the EPA’s definition of “waters of the United States,” or WOTUS, limiting the types of waterways that fall under federal protection to major waterways, their tributaries, adjacent wetlands and a few other categories. NPR.

**Spotlight**

from WorldBEYONDWar: “**Include the Military in the Green New Deal** - Congresswoman-Elect Alexandria Ocasio-Cortez has drafted a Green New Deal that fails to acknowledge the existence of the U.S. military as an environmentally destructive force, and the U.S. military budget (over 60% of discretionary spending) as a potential source of revenue.

**CLICK HERE TO SIGN THE FOLLOWING PETITION**, which World BEYOND War, RootsAction.org, and CODE PINK will deliver to Congresswoman Ocasio-Cortez in January.

We propose the following edits that would allow us to join in supporting your Green New Deal.

1. Change ...to this:

   The Plan for a Green New Deal (and the draft legislation) **shall recognize that much of the 60% of discretionary spending now going into the environmentally destructive project of militarism can be moved to environmental protection**, and that innovative public and other financing . . . .

2. Change ...The Plan ...by adding this:

   -- a major transition away from the environmental destruction of war and war-preparations, including the closure of most of the U.S. military bases abroad and within the United States and the thorough cleanup of the land and water in those locations.

**CLICK HERE TO ADD YOUR NAME AND COMMENTS TO THE PETITION.** Forward this email to share it with others!

Background: > Alexandria Ocasio-Cortez: The Green New Deal  > World BEYOND War: War Destroys the Environment
> World BEYOND War: We Need $2 Trillion a Year for Other Things”
