Hi everyone,

I have not yet adjusted the posting privileges of people other than board members that are in our Google Group. If we have time I'd like to have a very brief discussion of our policy about that, to make sure we're all on the same page and that I understand it.

Thanks, Alan

Alison, Thanks for the handy reminder! I am donating. The planet needs to restore peace and freedom from all destructive forces.

Hello Peaceful Fairbanksans:

Please join me in donating to Alaska Peace Center this year. It is the only local organization focused primarily on the message of peace and alternatives to military force. If not for APC, the only message available to young people at the Fair regarding the military would be from military recruiters. Our military personnel and veterans appreciate the APC's efforts in promoting peace over military force.

The small, but impactful, board at APC puts all its energy into furthering the mission and almost no energy into fundraising. We need to step up for them so they can continue the great work of peace.

“We offer community screenings of **PLANE TRUTHS** at <http://www.bullfrogcommunities.com/planettruths>

The \$100 fee is for a one time screening for 1-50 people. I quote you and the Alaska Peace Center a 40% discount, for a \$60 screening. Either call Bullfrog Films and mention this discount, or type “40%” in the Coupon Code if placing your order online. ...” (email dated Nov. 26, 2018)

Dear Peace Direct Team,

Thank you very much for giving the Alaska Peace Center the opportunity to edit our listing on your site. All the info that you have for us on your site is correct, so there is no need to edit it at this time.

In Peace, Alan

Programs at **Interior Alaska Center for Non-Violent Living (IAC)** provide support and resources for survivors of domestic violence and sexual assault. Many of these survivors and children are forced to leave their homes because they were no longer safe due to the abuse. Often, survivors must flee with only the clothes they are wearing, and must begin their lives again with few or none of their possessions.

Each year, generous individuals and community groups in Fairbanks have gifted their time and money to provide holiday gifts for the women and children participating in IAC programs. Last year through the support and kindness of our community we were able to provide Christmas to over 60 survivors and their children, we are hoping to do the same this holiday season! The generosity of our community is a reminder to these survivors that they are not alone and the gifts help bridge the instability for the children.

We invite you to participate in supporting our clients this holiday season by **adopting a family**, or simply providing donation to help make Christmas a little brighter for those in need. Monetary donations or gift cards are welcomed and greatly appreciated as well.

Would you be interested in adopting a family this holiday season? Maybe a winter gear drive - we are always in need of warm socks, underwear, winter boots, warm coats, and hygiene products for our survivors?

Thank you in advance for your generosity and support!!

* Steps you can take:

1. Contact greta@worldbeyondwar.org to ask for help
2. Form a coalition of local groups concerned about the cuts, the military increase, or both
3. Find out how to speak publicly at local government meetings and how to submit a proposal or get one on the agenda for a vote; or ask council members/ aldermen / supervisors to sponsor it.
4. Collect organizations' or prominent people's or lots of people's names on a petition
5. Hold rallies, press conferences
6. Write op-eds, letters, go on radio, tv
7. Use <http://costofwar.com> to calculate local trade-offs
8. Make use of [this petition](#) signed by many prominent people and over 20,000 people total
9. Revise the draft below:

Resolution Proposed for _____, ____

Whereas Congress and President Trump in 2017 increased military spending by \$80 billion, depriving us of those funds for human and environmental spending at home and abroad[i], and bringing military spending to well over 60% of federal discretionary spending[ii],

Whereas [polling](#) had found the U.S. public to favor a \$41 billion reduction in military spending, a \$121 billion gap away from President Trump's proposal,

Whereas part of helping alleviate the refugee crisis should be ending, not escalating, wars that create refugees[iii],

Whereas President Trump himself admitted that the enormous military spending of the previous 16 years had been disastrous and made us less safe, not safer[iv],

Whereas fractions of the proposed military budget could provide free, top-quality education from pre-school through college[v], end hunger and starvation on earth[vi], convert the U.S. to clean energy[vii], provide clean drinking water everywhere it's needed on the planet[viii], build fast trains between all major U.S. cities[ix], and double non-military U.S. foreign aid rather than cutting it[x],

Whereas even 121 retired U.S. generals have written a letter opposing cutting foreign aid[xi],

Whereas a December 2014 Gallup poll of 65 nations found that the United States was far and away the country considered the largest threat to peace in the world, and a Pew poll in 2017 found majorities in most countries polled viewing the United States as a threat,[xii]

Whereas a United States responsible for providing clean drinking water, schools, medicine, and solar panels to others would be more secure and face far less hostility around the world,

Whereas our environmental and human needs are desperate and urgent,

Whereas the military is itself the greatest consumer of petroleum we have[xiii],

Whereas economists at the University of Massachusetts at Amherst have documented that military spending is an economic drain rather than a jobs program[xiv],

Be it therefore resolved that the _____ of _____, _____, urges the United States Congress to move our tax dollars in exactly the opposite direction proposed by the President, from militarism to human and environmental needs.
