"Article 1, Section 8, Clause 11
"When Biden takes office he’ll inherit Operation Freedom’s Sentinel in Afghanistan and Operation Inherent Resolve in Iraq and Syria, and thousands of U.S. troops patrolling Africa — including in Chad, Kenya, Mali, Niger, Nigeria, Somalia, and South Sudan. And we mustn’t forget the dozens of U.S. planes and drones filling countless classified skies that have already been documented killing thousands in Pakistan, Somalia, and Yemen. 

It’s a war-footing in almost every continent, but already President-elect Biden has suggested that he wanted to replace — not revoke — one of the key congressional authorizations for the wars being conducted all over the world: the 2001 Authorization for the Use of Military Force.

"What Biden’s saying is he wants renewed, albeit more limited, congressional authority to conduct drone operations and special forces raids, and to rely on foreign ‘partner’ forces to fight these wars.

"That’s not ending endless war; that’s a recipe for PERPETUAL global war — but it’s not up to him.

"It is up to Congress, and Congress alone, to decide... Article 1, Section 8, Clause 11..."

"[As] it became clear Joe Biden would become the next president of the United States, we started to hear a lot of talk from my Senate colleagues in the Republican Party about their old friend the deficit... the same Republican Party so concerned about the deficit that they passed a $1.9 trillion tax bill benefiting some of the richest people and largest corporations in the National Registry of Exonerations, police misconduct, like this, has played a role in 35% of wrongful convictions resulting in exonerations since 1989. This is more money than the next 10 nations combined spend in their defense budgets... "A proposed constitutional amendment would abolish slavery as punishment for a crime, eliminating any legal avenue for the practice in the United States. "The House version was introduced on December 2 as House Joint Resolution 104, by Rep. Lacy Clay Jr. (D-MO1). The Senate version was introduced the same day as Senate Joint Resolution 81, by Sen. Jeff Merkley (D-OR).

“The exception to the 13th Amendment’s ban on slavery corrupted criminal justice into a tool of racist control of Black Americans and other people of color, and we see that legacy every day in police encounters, courtrooms, and prisons throughout our country,” Sen. Merkley said in a press release. “Slavery is incompatible with justice. No slavery, no exceptions.”

alter their tactics and adapt their schemes to the changing landscape, and we anticipate that they will leverage the pending COVID-19 vaccine to prey on unsuspecting beneficiaries. At this point, it is essential that we alert the public of likely schemes and provide them with information on how they can protect themselves:

- You likely will not need to pay anything out of pocket to get the vaccine during this public health emergency.
- You cannot pay to put your name on a list to get the vaccine.
- You cannot pay to get early access to the vaccine.
- No one from Medicare or the Health Department with contact you.
- No one from a vaccine distribution site or health care payer, like a private insurance company, will call you asking for your Social Security number, your credit card, or bank account information to sign you up to get the vaccine.
- Beware of providers offering other products, treatments, or medicines to prevent the virus. Check with your health care provider before paying for or receiving any COVID-19-related treatment.
- If you get a call, text, email — or even someone knocking on your door — claiming they can get you early access to the vaccine, STOP. That’s a scam.

As you receive specific vaccine fraud case information, Please notify the Medicare

This country... [and] provides huge amounts of corporate welfare to companies like Walmart that pay their workers starvation wages and provide them meager benefits that must be supplemented by taxpayer-supported programs...

"Tragically, there is more economic desperation in our country today than at any point since the Great Depression...
Hello this is Rob Mulford, the Asymmetric Moose, with picks for the week of December 27th, 2020:

Happy New Year, Peaceful Friends, this is The Asymmetric Moose Rob Mulford with picks for the week of December 27, 2020. I have chosen today’s picks in the joyful spirit of Peace to all; from those who swim the waters, the ones who fly, the four legged, the creepy-crawlies, the fungi and green things that grow, the water, the air, the soil, and yes those two legged masters of self deception who I must count myself a member. Up first, is a recording, made at Beacon High School, Beacon, N.Y., a song about a young man with the temerity to ask the question: “Am I moral enough to go kill in your war?” Arlo came to this inquiry in New York City, where he was injected, inspected, detected, infected, neglected, and selected. For me it was the Hotel Leamington, 1814 Franklin Street, Oakland, California, but that’s another humorous story, another time. Arlo Guthrie sings Alice’s Restaurant

“I saw what we’ve been doing to it; Saw it as insane: Still a’marchin like good Christians; With our wars the sword the flame; To crush all those damn infidels; To defend what should be shame; And again I shared our sorrows; Knew we all must bear the blame.” Next Donovan sings the gentle banjo troubadour, whose music often asked similar questions, Derroll Adams’s The Mountain.

Wage Peace.”
